Financial Aid Program

A financial aid program is available for qualified applicants lacking the financial means to attend the 2016 Expo. The program will give U.S. and international students, young professionals, and those new to the waterjet/industrial cleaning industries a valuable opportunity to learn, network and gain exposure to this industry.

The financial aid program is made possible through a generous contribution from Fun-Den Wang, Ph.D., and IET Foundation. Dr. Wang is a founding member of the WJTA-IMCA and was honored in 1993 with the Pioneer Award (the association's highest honor).

The financial aid awards will cover registration fees and one (1) year of membership in WJTA-IMCA. In special circumstances, the awards may be applied to lodging as well.

Applications are being accepted online through **October 10, 2016**, at www.wjtaimcaexpo.com.

For more information, contact Peter Wright in the WJTA-IMCA office at (314)241-1445 or wjta-imca@wjta.org.
